

SHINE

Instrumental x 2

1. I promise today
I'm gonna make my way
I'll be a better me
Than I was yesterday

Bis: Listen kid: "good things take time"

All you have to do is shine
And look into your heart
Cause there you'll see true art.

R. Shine, shine, shine
like no one shone before
You're, you're, you're
the greatest of them all
In thee lies the future key
Dream, believe, think free

Instrumental x 2

2. Set your goals, and you'll achieve

Love, and people who believe!

Are your wings that make you fly

Never fear to hit the sky

Listen kid: "good things take time"

All you have to do is shine

And look into your heart

Cause there you'll see true art.

R.

Bridge: Memories ... they make our lives

So make them count

Cause we're the eyes, the thoughts

That mankind need around...
